**DETAILED ACTION**

***Response to Amendment***

1. This Office Action is in response to the Amendment filed on June 22, 2010. The Amendment cancelled Claims 7, 11-14, 17-33, 35, and 36; added new Claims 39-65, and amended Claims 6 and 10. Claims 16 and 34 were previously cancelled. The Amendment inadvertently omitted Claim 50 in the newly added group of claims, and the Examiner has renumbered the subsequent claims (Claims 51-65) to reflect the correct claim numbers (Claims 50-64)(see the Claim Objections section below). Thus, the currently pending claims considered below are Claims 1-6, 8-10, 15, 37, and 39-64.

***Response to Arguments***

2. Applicant's arguments, see Amendment, filed June 22, 2010, with respect to Claims 19-33 and 35-38 have been fully considered and are persuasive. The non-final rejection of December 29, 2009 has been withdrawn.

***Claim Objections***

3. The numbering of claims is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not).

The Amendment filed on June 22, 2010 added new claims 39-65. However, the numbering of new set of claims inadvertently skipped over Claim 50. The Examiner believes this was a typographical error and has renumbered the claims to reflect the correct numbering.

Misnumbered claims 51-65 been renumbered 50-64.

***Claim Rejections - 35 USC § 112***

4. The Amendment filed on June 22, 2010 cancelled Claim 19, thereby rendering moot the rejection of this claim in paragraph 6 of the December 29, 2009 Office Action. **Thus, the Examiner hereby withdraws that rejection.**

***Allowable Subject Matter***

5. Claims 1-6, 8-10, 15, 37, and 39-64 are allowed.

***Examiner's Statement of Reasons for Allowance***

6. The following is an examiner's statement of reasons for allowance:

The Board Decision of December 29, 2008 overturned the rejections of Claims 16 and 19 and their corresponding dependent claims, and the amendments of February 26, 2009; August 21, 2009; and June 22, 2010 moved the corresponding limitations from these claims into independent Claim 1.

As noted in the Board Decision, the prior art of record does not disclose nor render obvious each tag having two (or more) numbers assigned thereto (Claims 1 and 39), presenting the first number upon receiving a first interrogation signal, and presenting the second number when more than one tag responds to the first interrogation signal (Claim 1), i.e. resolving contention between multiple responding tags (Claim 39). While Guthrie (5,289,372) and Maloney (US 2005/0156739) disclose using RF tags to track inventories by transmitting an interrogation signal to the tags and the tags responding with their identification codes (id numbers) and Guthrie further discloses resolving contention by the tags transmitted one bit of their id code at a time, neither reference discloses the tags having a plurality of id codes. Furthermore, while it is old and well known to use wake-up signals and clock signals to resolve contention, such as shown by Anthony (EP 0,851,239 A1), it was not well known for RF tags to include a plurality of id codes and to use them in the claimed way.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
